

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

██████████
Docket No. 3517-25
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Because your application was submitted with new evidence not previously considered, the Board found it in the interest of justice to review your application. A three-member panel of the Board, sitting in executive session on 28 May 2025, has carefully examined your current request. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You previously applied to this Board for a discharge upgrade but were denied on 21 August 2012. The summary of your service remains substantially unchanged from that addressed in the Board's previous decision.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that

you were told your discharge would automatically be upgraded to Honorable after two years, your misconduct and performance was due to an undiagnosed drug problem, and the stress of your situation was the reason for your poor performance. For purposes of clemency and equity consideration, the Board considered the totality of your application; which consisted solely of your DD Form 149 without any other additional documentation.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined your misconduct as evidenced by your NJP, outweighed the potential mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug related offense. The Board determined that illegal drug use or possession by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Further, the Board noted that there is no provision of federal law or in Navy/Marine Corps regulations that allows a discharge to be automatically upgraded due solely to the passage of time or after a specified number of months or years. Finally, the Board also noted that you provided no evidence, other than your statement, to substantiate your contentions.

As a result, the Board determined that there was no impropriety or inequity in your discharge and concluded that your misconduct and disregard for good order and discipline clearly merited your discharge. Even in light of the Wilkie Memo and reviewing the record liberally and holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

6/20/2025
