## CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. The Board concluded that per reference (c), to be eligible for the STAR Program, the member must be on their first enlistment; reenlist for 4/5/6 years and reenlist prior to having 6 years of continuous active Naval Service. Additionally, Sailors will be required to effect reenlistment within 6 months of the date of STAR authorization, and prior to attending "C" School. On 27 September 2024, Petitioner was issued orders 2714, earning NEC 803R, which is listed in reference (g) as being eligible for the STAR Program, with an expected graduation date of 28 February 2025. Petitioner had already reenlisted on 19 January 2024 and received a zone A SRB. The Board determined that Petitioner is ineligible to designate that reenlistment as a STAR reenlistment because there is no indication that he completed screening and been selected for Force Recruiting program prior to reenlistment. The Board agreed that Petitioner should have been advised that for a STAR reenlistment, he should have waited to reenlist until orders were published. Furthermore, the Board concluded that if a STAR request had been submitted to BUPERS-328 after he received orders 2714, under that circumstance, it would have been approved. On 30 December 2024, Petitioner would have been eligible to

reenlist for 6 years under the STAR Program, receive a zone A SRB, and be advanced to E-5 upon gaining the NEC.

#### RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

Petitioner executed an immediate reenlistment contract (NAVPERS 1070/601) on 30 December 2024 vice 19 January 2024 for a term of 6 years vice 5 years listing Career designated under MILPERSMAN 1160-100.

Petitioner was advanced to AO2/E-5 on 28 February 2025.

Note: This change will entitle Petitioner to a zone "A" SRB with an award level of "0.5" (\$30,000 award ceiling) for the AO rate. Remaining obligated service to 21 January 2025 will be deducted from SRB computation. The Defense Finance and Accounting Service will complete an audit of Petitioner's pay records to determine amounts due, if any.

A copy of this report of proceedings will be filed in Petitioner's naval record.

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above titled matter.
5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of the reference, has been approved by the Board on behalf of the Secretary of the Navy.
