Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 29 July 2025. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record

You entered active duty with the Navy on 8 February 1984. You admitted to pre-service marijuana use prior to enlistment. On 16 April 1986, a special court-martial (SPCM) convicted you of larceny of a \$100.00 money order and forgery of a money order. On 21 November 1986, you received non-judicial punishment (NJP) for wrongful use of marijuana. Consequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse and commission of a serious offense. You elected to consult with legal counsel and requested an administrative discharge board (ADB). The ADB found that you committed both bases of misconduct and recommended you receive an Other Than Honorable (OTH) characterization of service. The separation authority concurred with the ADB and directed your discharge by reason of misconduct due to drug abuse. On 27 March 1987, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that 38 years have passed since your discharge, you worked for the Raytheon Missiles and Defense for over 36 years, have a security clearance, and smoked marijuana in the Navy to cope with childhood issues. You further contend that you have no criminal record and are an honest citizen that earns an honest living. For purposes of clemency and equity consideration, the Board considered the totality of your application; which consisted solely of your DD Form 149 without any other additional documentation.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined your misconduct as evidenced by your NJP and SPCM, outweighed the potential mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug offense. The Board determined that illegal drug use or possession by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board also found that your conduct showed a complete disregard for military authority and regulations. The Board observed you were given multiple opportunities to correct your conduct deficiencies but chose to continue to commit misconduct; which led to your OTH discharge. Your conduct not only showed a pattern of misconduct but was sufficiently pervasive and serious to negatively affect the good order and discipline of your command. Finally, the Board noted that you provided no evidence, other than your statement, to substantiate your contentions. Therefore, the Board determined that the evidence of record did not demonstrate that you were not mentally responsible for your conduct or that you should not be held accountable for your actions.

As a result, the Board determined that there was no impropriety or inequity in your discharge and concluded that your misconduct and disregard for good order and discipline clearly merited your discharge. Even in light of the Wilkie Memo and reviewing the record liberally and holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

8/14/2025
