[REDACTED]

b. Reference (c) applied to future Sailors (FS) initially classified or reclassified on or after 17 September 2022. Active Component (AC) recruits in any program that shipped during any fiscal year (FY) and earned 96 or greater semester hours from a postsecondary accredited institution were eligible for a \$7,000 Enlistment Bonus for College Credit (EBCC). AC recruits in the Advanced Technical Field Information Systems Technician (ATF/IT) that shipped from September 2022 through December 2023 were eligible for a \$25,000 Enlistment Bonus for Shipping (EBSHP) and \$10,000 shipping kicker. Furthermore, FS in any rating/program that shipped October through September of any FY were eligible for LRP up to \$65,000. The post accession policy specified all Sailors with LRP in their contract, regardless of delayed entry program or active duty service date, are eligible. The Sailor must access to AC and have LRP listed as a guarantee on their current NAVCRUIT 1133/52, Enlistment Guarantees in order to maintain eligibility. For post-accession inquiries, the LRP Manager is responsible to determining LRP eligibility.

c. Petitioner attended [REDACTED] College from Winter 2010 through the Spring 2012, and earned 104 semester hours.

d. On 19 September 2022, Petitioner enlisted in the Navy for 8-years, of which 4-years is considered an active duty obligation. NAVCRUIT 1133/102, Enlistment Bonus Statement of Understanding was issued listing Advanced Technical Field Information Systems Technician (ATF/IT) with a \$25,000 EBSHP and \$7,000 EBCC based on reference (c). However, there is no record of NAVCRUIT 1133/52, Enlistment Guarantees-Annex "A" being issued. Petitioner's DD Form 1966, Record of Military Processing reflects he scored a 90 on the Armed Forces Qualification Test, he enlisted under the ATF/IT program and that he was eligible for \$7,000 EBCC and \$25,000 EBSHP.

e. On 6 October 2022, Petitioner entered active duty.

f. On 14 December 2022, Petitioner completed Recruit Basic Military Training.

g. On 11 January 2023, Petitioner's Master Military Pay Accounting record reflects \$32,000 enlistment bonus was processed for payment.

h. On 13 April 2023, Petitioner completed Information Systems Technician "A" School, followed by completion of the Systems Administration Block 0 on 8 November 2023 and completion of the Systems Administration Block 1 on 14 December 2023.

i. On 17 June 2024, Petitioner reported to his first permanent duty station, [REDACTED] Two for duty.

CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an error warranting the following corrective action. The Board concluded Petitioner enlisted on 19 September 2022 and met the eligibility criteria for LRP, EBCC, and EBSHP in accordance with reference (c). However, Petitioner's official military personnel file does not reflect a copy of the NAVCRUIT 1133/52, Enlistment Guarantee-Annex "A" and there is no evidence of it being generated, thereby hindering his ability to receive the LRP incentive. Additionally, the Board determined that Petitioner should have received \$35,000 vice

\$25,000 EBSHP as outlined in reference (c). Therefore, the Board determined that under these circumstances, relief is warranted.
