Dear ██████████,

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 4 February 2026. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Commander, Naval Supply Systems Command letter 5420 Ser SUP 04/065 of 22 August 2025.

The Board has reviewed your request to process your 2024 Personally Procured Move (PPM) as a mobile home move. After a thorough review of your entire record, application, and a careful weighing of all mitigating factors, including your assertions, the Board has determined that no change to your record is warranted. The Board's decision is based on the definitions and regulations outlined in the Joint Travel Regulations (JTR): 1) Mobile Home: The JTR defines a mobile home as a dwelling built for use as a *permanent residence* and is mobile by towing or self-propulsion. This includes house trailers, converted railcars, or boats used as a principal residence and 2) Recreational Vehicle (RV): An RV is defined as a mobile dwelling intended for *temporary residence* for recreational purposes. Your vehicle was classified as a "trailer" based on its Temporary Registration Permit Credential, which aligns with the RV classification, not a mobile home. The Board concluded that although you may have received erroneous advice, the JTR states that incorrect guidance from a government agent does not create an entitlement. Therefore, you are required to repay the government for the excess costs associated with your move. If this debt creates a financial hardship, you are encouraged to submit a Remission of Indebtedness Application (DD Form 2789), submit to: Chief of Naval Operations (N130C), email: NXAG\_N130C@navy.mil.

In the absence of sufficient new evidence for reconsideration, the decision of the Board is final, and your only recourse would be to seek relief, at no cost to the Board, from a court of appropriate jurisdiction.

Sincerely,

2/13/2026
