

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE RD
ARLINGTON, VA 22204

Docket No. 6233-25
Ref: Signature Date

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 24 February 2026. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Office of the Chief of Naval Operations memorandum 7431 Ser N130C2/25U0494 of 11 August 2025 and your response to the opinion.

The Board determined your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined a personal appearance was not necessary and considered your case based on the evidence of record.

You requested to cancel the Chief of Naval Personnel denial and approve basic allowance for housing (BAH) at your dependent's location. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that on 8 February 2023, you were issued BUPERS order: [REDACTED] from [REDACTED] [REDACTED] to [REDACTED], [REDACTED]. These were accompanied orders which advised: "For members electing an OCONUS [Outside the Continental United States] unaccompanied tour..., OCONUS dependent restricted tour, or OCONUS unusually arduous sea duty assignment and request a designated place for dependents, the OCONUS CO [commanding officer] can authorize the designated place (and BAH) for those dependents remaining in CONUS [Continental United States]." In accordance with

OPNAVINST 4650.17A, “[t]he provisions of this instruction are applicable only to members who are otherwise eligible for dependent travel and shipment of HHG [household goods] at Government expense by reference (b). Service Members, issued PCS orders to a ship designated in enclosure (1)... are authorized to relocate dependents and HHG to the homeport or to a place they may designate by reference (b).” You were in receipt of orders authorizing dependent travel and shipment of HHG, and you moved your family at government expense *to the homeport* when you executed your orders. The Board agreed that although the OCONUS CO can approve a designated place for dependents vice the homeport, the proper time to request BAH at the dependent location (either the old Permanent Duty Station (PDS) or a designated place)), was *prior* to executing orders, with your dependents *remaining* in CONUS at the previous PDS or at an approved designated place. Once you executed your orders and moved your family to Guam, you were no longer eligible to request a designated place for BAH for that tour and your CO was not authorized to approve it. Therefore, although you relocated them back to [REDACTED] at your own expense, you became ineligible for BAH for their location because housing allowances are based on the PDS in your orders, unless they were approved to return to CONUS early. You moved your family prior to receiving proper approval to do so, therefore the Board determined that you are not entitled to the BAH for your dependent location in [REDACTED] and a change to your record is not warranted. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

In the absence of sufficient new evidence for reconsideration, the decision of the Board is final, and your only recourse would be to seek relief, at no cost to the Board, from a court of appropriate jurisdiction.

Sincerely,

3/4/2026

the 1990s, the number of people in the United States who are 65 years of age or older has increased by 50 percent, and the number of people 75 years of age or older has increased by 75 percent. The number of people 85 years of age or older has increased by 150 percent. The number of people 95 years of age or older has increased by 300 percent. The number of people 100 years of age or older has increased by 500 percent. The number of people 105 years of age or older has increased by 1,000 percent. The number of people 110 years of age or older has increased by 2,000 percent. The number of people 115 years of age or older has increased by 4,000 percent. The number of people 120 years of age or older has increased by 8,000 percent. The number of people 125 years of age or older has increased by 16,000 percent.
