Dear █,

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 24 February 2026. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies.

The Board determined your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined a personal appearance was not necessary and considered your case based on the evidence of record.

You requested to have your separation code changed on your Certificate of Release or Discharge from Active Duty (DD Form 214) of 24 May 2023 to be able to receive payment for 60 days of unused leave. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. You assert that you had plans to transfer to the Army National Guard but due to changes in your life after your honorable discharge from the Marine Corps, you decided not to follow through. However, the Board agreed with the decision by the Naval Discharge Review Board that, “[t]he changing of personal conditions after discharge do not impact the reason at the time of discharge.” You were discharged from the Marine Corps on 24 May 2023 solely for the purpose of transferring to the Army National Guard and your DD Form 214 correctly reflects your plans to complete that transfer. You were issued the Narrative Reason for Separation of “Interdepartmental Transfer” and corresponding Separation Code of “FGP1”. You state, “[g]iven that I did not transfer to another branch, I should be entitled to the same treatment and benefits as any individual who has

honorably completed their commitment.” However, the Board disagreed that you completed your commitment. In accordance with your Individual Separation Information, your End of Obligated Service is listed as 25 May 2027. Therefore, the Board determined that the requested change to your record is not warranted.

In the absence of sufficient new evidence for reconsideration, the decision of the Board is final, and your only recourse would be to seek relief, at no cost to the Board, from a court of appropriate jurisdiction.

Sincerely,

3/4/2026
