CONCLUSION

Upon review and consideration of all the evidence of record, the Board finds the existence of an injustice warranting the following partial corrective action. The Board determined that on 9 December 2024, [REDACTED] issued Petitioner NAVPERS 1070/613 listing he was entitled to SRB based on the CWT Rating/NEC H31A, SRB Zone A, Award Level 3.5. The total SRB entitlement was \$60,000. Petitioner reenlisted on 9 December 2024 for 5 years; however, MMPA shows a total entitlement of \$58,899.74. Therefore, the Board determined that the Defense Finance and Accounting Service (DFAS) will conduct an audit of Petitioner's financial record to determine the correct amount of SRB entitlement.

RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

The DFAS will complete an audit of Petitioner's pay record and determine if Petitioner's previous SRB calculation and payment was correctly computed.

A copy of this report of proceedings will be filed in Petitioner's naval record.

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above titled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of the reference, has been approved by the Board on behalf of the Secretary of the Navy.
