1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records, hereinafter referred to as the Board, pursuant to the guidance in reference (b). Specifically, Petitioner requested that his record be corrected to reflect that he was never separated from the Navy and that he continued to serve without interruption. Additionally, Petitioner requests upgrade of his reentry code and backpay.

2. The Board, consisting of [REDACTED], [REDACTED], and [REDACTED], reviewed Petitioner's allegations of error and injustice on 2 September 2025 and, pursuant to its governing policies and procedures, determined that the corrective action reflected in paragraph 5 below should be taken upon Petitioner naval record in the interests of justice. Documentary material considered by the Board included the enclosures; relevant portions of Petitioner's naval record; and applicable statutes, regulations, and policies.

3. Factual Background. The following are the relevant facts of Petitioner's case based upon review of his naval record and/or the matters provided with his application:

a. On 6 July 2010, Petitioner enlisted in the United States Navy for a period of eight years, with a four-year active-duty obligation.

b. Petitioner entered active duty in the Navy pursuant to the enlistment described in paragraph 3a above on 15 June 2011. Petitioner has two extensions on his original contract for a total of 30 months. Petitioner reenlisted on 17 April 2019 for six years. See enclosure (2).

c. On 7 December 2022, Petitioner was involuntarily discharged from the Navy for misconduct due to commission of a serious offense with an Honorable characterization of service. The serious offense in question was his refusal to comply with the former COVID-19 vaccination mandate of reference (c) in violation of Article 92, Uniform Code of Military Justice. See enclosure (2).

d. By memorandum dated 8 July 2025, Navy Recruiting Command certified that Petitioner was prescreened in accordance with reference (b) and determined to meet retention standards. See enclosure (3).

e. By memorandum dated 31 July 2025, BUPERS-328 advised the Board a review of the Petitioner's Official Military Personnel File (OMPF) reflects he was an IT2. His Active-Duty Service Date (ADSD) was 15 June 2011, and his Expiration of Active Obligated Service (EAOS) was 16 April 2025. At the time of his EAOS he would have been eligible for a Zone C, IT/742A SRB 2.0 award level. A 3-year contract would have met SRB requirement by taking him into Zone D and changing his EAOS to 15 April 2028. The SRB cannot exceed \$60,000. SRB total bonus would be \$22,053.60 as an E-5 and \$29,120.80 as an E-6. See enclosure (4).

f. By memorandum dated 12 August 2025, the Office of the Chief of Naval Operations (N132) advised the Board that Petitioner would have been eligible to participate in the Navy-wide Advancement Examination (NWAE) Cycle 256 in September 2022 for an advancement opportunity to IT1/E6. If Petitioner advanced to IT1/E6 from Cycle 256, effective date of advancement would have been between January-June 2023, with last effective date of pay being June 16, 2023, and a TIR 1 January 2023. The next advancement eligibility point to E7 would be the January 2025 advancement Cycle 266 NWAE. See enclosure (5).

4. Conclusion. Upon careful review and consideration of all the evidence of record, the Board found an injustice warranting relief.

a. According to reference (d), the COVID-19 vaccine mandate was an "unfair, overbroad, and completely unnecessary burden on our Service members" and the military "unjustly discharged those who refused the vaccine." Since there was no other basis for administrative separation apparent in Petitioner's naval record, the Board therefore found an injustice in that Petitioner was involuntarily separated from the Navy solely for refusing the former COVID-19 vaccination mandate.

b. Having found an injustice in that Petitioner was involuntarily separated from the Navy solely for refusing the former COVID-19 vaccination mandate, the Board also found an injustice in any and all adverse actions that followed from or contributed to that separation.

5. Recommendations. Having found an injustice in that Petitioner was involuntarily separated from the Navy solely for refusing the former COVID-19 vaccination mandate, the Board recommends that the following corrective actions be taken on Petitioner's naval record.

a. The following recommended corrective actions are contingent upon Petitioner's acceptance of the Navy's offer of reinstatement subject to the terms of reference (b).¹

(1) That Petitioner's record be corrected to reflect that he was promoted to information systems technician first class petty officer (IT1/E6) with a date of rank of 1 January 2023. NPC will make all appropriate service record entries of his correction promotion date.

(2) That Petitioner's naval record be corrected to reflect that he was not discharged from the Navy on 7 December 2022, but rather that he continued to serve honorably in the ranks indicated in paragraph 5a(1) above with no break in service at his last duty station. As such, Petitioner is to receive constructive service credit for the period from 7 December 2022 until the date that he is reinstated in the Navy. To effectuate this relief, NPC is directed to scrub Petitioner's record and remove any and all references to Petitioner's discharge, including but not necessarily limited to his DD Form 214 and the documents related to his administrative separation process.

(3) That documentation be added to Petitioner's naval record establishing that he reenlisted for three years at his EAOS of 16 April 2025. Such reenlistment would entitle Petitioner to a Zone C, IT/742A 2.0 award level SRB.

(4) That appropriate administrative fillers be inserted into Petitioner's naval record to remove the gap in his record between 7 December 2022 and his eventual reinstatement date during which he did not receive any evaluation reports.

b. The Board further recommends that that NPC scrub Petitioner's naval record and remove any adverse information pertaining to Petitioner's refusal to comply with the former COVID-19 vaccination mandate, including but not limited to any punitive actions, "Page 13" entries subject to the contingency referenced in paragraph 5(a) above and should be implemented without delay.

c. Copies of this record of proceedings shall be provided to the DFAS and the Defense Health Agency to facilitate the estimate of all pay and benefits which may be due to the Petitioner as a result of the contingent corrective actions referenced in paragraph 5a above.

6. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above titled matter. I have assured compliance with the provisions of reference (e) in the Board's proceedings.

¹ Petitioner's failure to agree to this contingency, or to execute the terms of his reinstatement shall negate these recommendations. This contingency is applied in accordance with the guidance attached to reference (b).
