

Docket No. 12194-25
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552.

Your application was not filed in a timely manner. A three-member panel of the Board, sitting in executive session, considered your application on 22 January 2026. In your application, you requested placement on the permanent disability retired list due to a “disability incurred in or aggravated by service” because you were not diagnosed with, treated for, nor had symptoms of myotonia prior to service. You further contend the Department of Veterans Affairs service-connection determination contradicts the in-service finding that your condition existed prior to service. However, the Board, noting you were discharged in July 2018, observed you did not provide a basis to excuse the failure to submit your application in a timely manner and was unwilling to waive the three-year statute of limitations due to the length of time since your discharge.

In the absence of sufficient new evidence for reconsideration, the decision of the Board is final, and your only recourse would be to seek relief, at no cost to the Board, from a court of appropriate jurisdiction.

Sincerely,

2/7/2026
